

OXFAM HUNGER BANQUET® FULL COLOR CHARACTER TICKETS

To make your *Oxfam Hunger Banquet* event more interesting for your guests, we have developed character tickets. Event participants can access information about the individual on their ticket by texting the name of the person on their ticket to 77547. These are portraits, based on real people, intended to illustrate the lives of those who might live in these income groups around the world. Print the tickets on the following pages, cut the tickets out, and have guests draw the character tickets randomly as they arrive.

Note: These character tickets also appear in the Oxfam Hunger Banquet® toolkit; the tickets in this document are identical but presented in full color.
