

SUPPLEMENTAL RESOURCES

INCOME CARDS

To make your *Oxfam Hunger Banquet* event more engaging for your guests, we have developed income cards. Event participants can access information about the individual on their card by texting the name of the person on their card to 77547. These stories are drawn from real situations people in these income groups around the world have experienced. They do not, however, represent all experiences. Print the cards on the following pages onto colored paper and have guests draw the income cards randomly as they arrive. Use a different color for each income group.
